Dear Seabrook Neighbor,

The 36<sup>th</sup> Annual Seabrook Island Alan Fleming Championship Tennis Tournament will be held on Seabrook Island October 2-6, 2019. This premier tennis event attracts over 250 players from around the country in age groups starting at 35 years and older. In addition, the Alan Fleming Tournament is devoted to raising funds to benefit a local charity. This year the Fleming Tournament has once again designated Sea Islands Blessing Basket as its charitable beneficiary. The Blessing Basket is part of the Sea Islands Hunger Awareness Foundation (SIHAF), a 501(C)(3) non-profit organization mission. SIHAF supports charitable food-related programs that feed the hungry and provide drinkable well water to families on Johns Island and Wadamalaw.

SIHAF is 100% volunteer operated and distributes 98% of the money raised to families in need. Once a month, Sea Islands Blessing Basket dis-tributes food to 700 residents of Johns Island and Wadamalaw whose income is below the poverty level. The food provided is enough to feed a family for one week. Charitable funds raised by the Fleming will allow SIHAF to improve the quality of the food baskets with the addition of protein, fruit, and vegetables. We have included a quote from someone who has benefitted from this worthy program below:

*The Blessing Basket has been and continues to be a blessing to my family. We truly appreciate the food donations, the love and support shown by the volunteers that serve this program. This program has saved us and continues to save us dollars on food; which results in monies that can be spend on other necessities, i.e., medicine, electric, gas and water bills. The food provided is nutritional and encourages us to eat healthy for better health. I ask that God continues to bless the Blessing Basket program and its volunteers.*

*-Isiah Robinson and Family*

Please consider donating to benefit Sea Islands Blessing Basket. Your contribution is 100% tax deductible and goes entirely to Sea Islands Blessing Basket. The tournament is self-supporting. For additional information, please contact [www.FightIslandHunger.org](http://www.FightIslandHunger.org).
